BUTTER-KIST

The Crackling White Popcorn
With the TOASTY FLAVOR

The kind you see advertised in your national magazine. It is automatically popped, buttered and toasted to a crisp that makes your mouth water. It is untouched by human hands. It is made only on the BUTTER-KIST MACHINE. It is sold in butter-proof bags and cartons. Only pure creamery butter is used.

EXPANDING STATE FUNCTIONS

Many state institutions maintained by the taxpayers are asking for elaborate printing plants. They want them to get out state publications, to publish magazines and newspapers.

Some of these state publications send out regular advertising solicitors and do commercial printing.

Is there any more reason for a state institution running a printing office than for maintaining a garage?

A state printing office is already maintained by the taxpayers and why establish more public printshops?

The tendency to expand state functions is costing the taxpayers dearly and is to the detriment of business.

If carried far enough, there will be little left for the producer and private citizen but to dig up taxes.

"Mind". All are invited.

COUNTY WILL OIL ROADS

The County this week received a machine for placing crude oil on the roads. The machine is just here on trial and will be experimented with on the sandy roads at and near Newport. The machine is equipped to put the oil on the road hot if it is desired and places it to a depth of about two inches. The idea is to put on a coat of hot oil then roll the road. After rolling, more sand will be graded on top of the oil and this again rolled. This process will be repeated until the oiled portion is about six inches deep. The oil placed on the road will cost about \$2.50 per barrel. It is thought that this will make an excellent road and we believe it is worthy of a trial.

A SCHOOL ON WHEELS

In Southern Pacific Extra Section Gang under Foreman Taft, who has a crew of fifty men on Superintendent Whalen's Los Angeles Division, there are twenty-five or more children who are being taught daily in a box car which has been fitted up with benches. They have a teacher who instructs them daily in English and Spanish and in primary work. The results, thus far, have not only been satisfactory, but the class of men in the gang remains high. As the gang moves along from place to place so does the school-car and the children never have to miss a day's attendance. Superintendent Whalen has now made arrangements to obtain an old passenger coach which will be fitted up with benches and blackboards and which will be easier to heat, expecting in this way to materially improve the conditions in this unique school-room. He has furthermore arranged to fit up a hospital car for the women and children in the camp who become ill.

Dr. Fawcett of Newport returned from a visit to Portland Wednesday.

M. S. Collins of Siletz was a passenger for Hillsdale Tuesday morning.

Mrs. E. E. Johnson went to Portland Tuesday morning for a several weeks' visit.

Chas. Overlander returned to his home near Harlan yesterday morning after serving on the jury here.

Mr. and Mrs. Warren Roberts were passengers for Salem yesterday morning where they will visit a couple of weeks.

A. C. Crawford returned to his home at Lower Farm Wednesday afternoon after having acted as juror the past couple of weeks.

Jack Morgan and son, Jimmie, arrived down from Portland today noon.

A marriage license was issued yesterday to H. B. Blakely and Mary E. Bachman, both of Newport.

P. H. Elting returned to his home at Ona Wednesday afternoon after having acted as juror the past two weeks.

Miss Mabel Templeton of Lebanon arrived yesterday afternoon for a visit with her old schoolmate, Mrs. Esther Andersen.

Judge J. W. Hamilton of Roseburg who has been in the city the past two weeks holding Circuit Court returned to Roseburg this morning. Mr. Hamilton is the Democratic nominee for re-election to the office which he now holds. Mr. Hamilton is well liked here and will undoubtedly poll a good vote as the people here liked the way he handled the Jones-Reynolds assault case here last summer. He allows no dilly-dallying in his court thus being saving of the tax payers' money. He has served on the bench the past 18 years. Three Judges are to be elected in this district this coming November.

Slip a few Prince Albert smokes into your system!

You've heard many an earful about the Prince Albert patented process that cuts out bite and parch and lets you smoke your fill without a comeback! Stake your bank roll that it proves out every hour of the day. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

There's sport smoking a pipe or rolling your own, but you know that you've got to have the right tobacco! We tell you Prince Albert will bang the doors wide open for you to come in on a good time firing up every little so often, without a regret!

You'll feel like your smoke past has been wasted and will be sorry you cannot back up for a fresh start.

You swing on this say-so like it was a tip to a thousand-dollar bill! It's worth that in happiness and contentment to you, to every man

who knows what can be gotten out of a chummy jimmy pipe or a mummy's cigarette with Prince Albert for "packing"!

PRINCE ALBERT

the national joy smoke

Copyright 1916 by R. J. Reynolds Tobacco Co.

THE Prince Albert cigarette is a fact, every Prince Albert cigarette has a real message to you on its reverse side. You'll read: "Process Patented July 30th, 1907." That means that the United States Government has granted a patent on the process by which Prince Albert is made. And by which tongue bite and throat parch are cut out! Everywhere tobacco is sold you'll find Prince Albert awaiting you in tippy red bags, 5c; tippy red tins, 10c; handsome pound and half-pound tins humidor and in that clever crystal-glass humidor, with sponge-moistener top, that keeps the tobacco in such fine condition—always!
